Generously spacious with a soft fall

SANDBACKEN sofa has large, soft back cushions with decorative seams and covers with a soft fall. The design is neat, but the sofa feels spacious and generous. The metal frame makes it stable and sturdy, yet easy to lift and move if you want to refurbish or move to a new home. Does the sofa need to double as a bed? Then choose the sofa-bed that quickly and easily transforms into a comfortable bed. The springy seat and elastic foam mean that you sit and sleep comfortably.

Sustainable the whole way

SANDBACKEN sofa is made of lightweight yet sturdy and durable materials. The flat packs which the sofa comes in make it easier for you to transport and carry into your home. It also makes our transports more efficient which means that we can keep our carbon dioxide emissions down and prices low. The sofa is also designed so that you can easily separate and recycle the materials (at some point, many years down the road). Sustainable the whole way!

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.co.id for more information. For more detailed product information, see the price tag and the Internet. All units require assembly. IKEA Indonesia reserves the right to adjust our prices, to correct price errors or misprints according to any changes beyond our responsible control. IKEA Indonesia tries to ensure that all information stated is correct at the time of publishing.

HOW TO CONVERT

It's easy to transform SANDBACKEN sofa-bed into a spacious and comfortable bed. First, pull out the underframe. Then simply fold out the legs and position the underframe in place and attach it to the sofa – now the bed is ready for a good night's sleep.

GOOD TO KNOW

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and arm-chairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
FRILLESTAD light grey 60% polyester, 40% cotton	Machine washable at 40°C.	25 000	5
LOFALLET beige 55% cotton, 45% polyester	Machine washable at 40°C.	25.000	5
