

## BUYING GUIDE

# BESTÅ

## Livingroom storage

### GOOD TO KNOW

Tempered glass should be handled with care. All glass is fragile and a damaged edge or scratched surface can in exceptional cases cause the glass to crack suddenly. However, never into sharp fragments, only into small pieces. Avoid collisions from the side – this is where the glass is most vulnerable.

### SAFETY

This furniture must be fixed to the wall with the enclosed wall fastener.

Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).

Measure the depth and width of your TV-set. The measurements should be less than those of the TV furniture.

### Good-looking storage for a great-looking living room

BESTÅ is specially designed to take care of all your storage needs – and to look good while doing it. So you can use it to make your living room both great-looking and practical. It gives you plenty of room for everything – from your TV, gaming consoles and sound system to your DVDs and books. Choose between a high, low or wallmounted combination. You can even choose a combination with panel doors to hide away clutter or glass doors to show off your favourite things. BESTÅ comes in many different colours and finishes so it's easy to find the right one for you.

### Do it yourself or let us help

Just because you can do everything yourself, doesn't mean you have to. Let us help make your BESTÅ storage solution a reality with our service offers like picking, home delivery, assembly, financing and more. Read more at [www.IKEA.co.id](http://www.IKEA.co.id).

All the products (shown here) may not be available at the store. Please contact the staff or look at [www.IKEA.co.id](http://www.IKEA.co.id) for more information. For more detailed product information, see the price tag and the Internet. All units require assembly. IKEA Indonesia reserves the right to adjust our prices, to correct price errors or misprints according to any changes beyond our responsible control. IKEA Indonesia tries to ensure that all information stated is correct at the time of publishing.

# Customise your own BESTÅ

The BESTÅ system is designed to be adoptable and flexible. You can select and arrange the BESTÅ parts in a way that suits your particular space, lifestyle and taste.

We have a wide range of pre-designed BESTÅ combinations to choose from in the store and on [IKEA.co.id](http://www.IKEA.co.id). If you do not find a combination that you like, or if you would like to customise one, use our BESTÅ storage planner.

By using the BESTÅ storage planner, you can customise one of the pre-designed BESTÅ combinations or create one that is all your own!

The planner allows you to play around with frames, doors, shelves, knobs, colours etc to create the perfect storage and media solution that fits your specific needs and taste.

When you are ready with your BESTÅ combination, the planner helps you to calculate the price and allows you to print or save list of products that you can bring to your IKEA store or use to buy the products online.

In the BESTÅ area of the IKEA store you will find planning stations where you can use the BESTÅ storage planner. Or visit the Livingroom department of [www.IKEA.co.id](http://www.IKEA.co.id) and go to the BESTÅ storage planner online.

# DOOR AND DRAWER SOLUTIONS

Combine your own solution with doors and drawer fronts.  
 For a wider range of BESTÅ door and drawer solutions,  
 visit the BESTÅ planning tool at [www.IKEA.co.id](http://www.IKEA.co.id).  
 Always secure shelving units that are more than 64 cm  
 in height to the wall.

# BESTÅ ACCESSORIES

**BESTÅ suspension rail 60 cm.** You need a suspension rail to be able to wall mount BESTÅ frames. The suspension rail works as reinforcement and makes it both easy and safe to mount BESTÅ frames to a wall. The rail needs to be attached to a wall stud. It has several holes so that it can be placed over a stud and still be located where you want to place your BESTÅ frame. The included connector makes it easy to hang several frames next to each other and align them at exactly the same height. 60-cm wide frames require 1 BESTÅ suspension rail. 120-cm wide frames require 2 BESTÅ suspension rails. Note! The suspension rail cannot be used with BESTÅ TV benches. Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail.
