

ALL THE HELP YOU NEED TO MAKE YOUR DREAM KITCHEN A REALITY

At IKEA we believe everyone has the right to a new kitchen. So apart from offering a wide range of kitchens we also offer a wide range of services, including measuring, planning and installation. Everything you need to make your dream kitchen a reality.

Here are some of the services in your local store, if you need an extra hand.

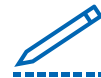

Delivery service

We can deliver your furniture direct to your home or business.

Picking with delivery service

We collect the items on your shopping list and deliver them to your home or business.

Kitchen planning service

One of our approved kitchen planners will help you to design your dream kitchen.

Measuring service

We can measure your home or business to help you plan your project quickly and accurately.

Assembly service

Our independent, professional partners can assemble your products and take away the packaging.

Kitchen installation service

Professional installation, tailored to your needs, at a competitive price. Especially handy for trickier jobs such as sinks, taps, worktops and appliances.

Finance service

We offer a range of financing options so that your plans can be realized:

- Financing Plan
- Interest-free Credit

Buying
guide

cabinets, fronts, organizers, knobs & handles

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.co.id for more information. For more detailed product information, see the price tag and the Internet. All units require assembly. IKEA Indonesia reserves the right to adjust our prices, to correct price errors or misprints according to any changes beyond our responsible control. IKEA Indonesia tries to ensure that all information stated is correct at the time of publishing.

A BRAND NEW KITCHEN DESIGNED TO FIT YOUR LIFE.

This brochure is your guide to the IKEA kitchen system. Inside you'll find prices, product information and help to choose exactly what you need to make your dream kitchen a reality.

Our kitchen system forms the framework for your drawers and doors, as well as shelves, drawer fronts and cover panels. It's easy to install, extremely functional and gives you all the choice you need to build your kitchen the way that you want it.

Inside you'll also find details like knobs, handles and lighting as well as solutions and accessories to give your new kitchen the look that you want, as well as the functions you need.

Quality

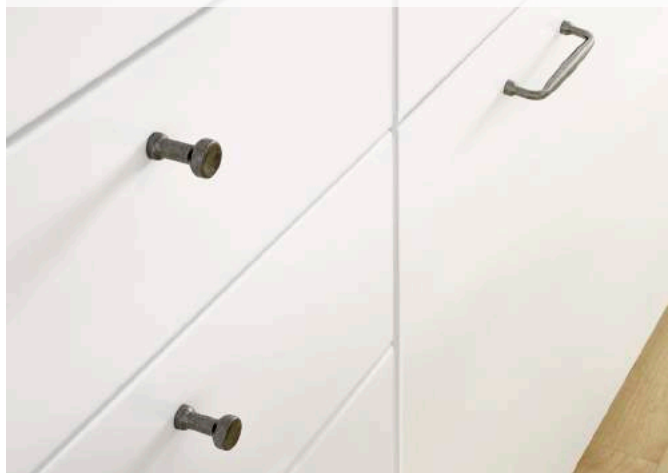

All of our kitchen products are quality tested to ensure they'll stand up to years of use. So all you have to do is decide on the style and functions that are right for you. See p. 56 for details about our kitchen guarantee.

25
Year

DOORS AND FRONTS/06

NINE LOOKS ON THE OUTSIDE – ENDLESS OPTIONS ON THE INSIDE

The nine combinations on this page show you a selection of the different ways you can arrange different sized fronts on an IKEA base cabinet. But, with METOD, the outside doesn't dictate the inside. Behind these front combinations you can create endless arrangements, mixing drawers of all sizes nearly any way you like. With METOD you have the freedom to get the look you want on the outside and keep the organisation you need on the inside.

DOORS AND DRAWER FRONTS

Our doors and drawer fronts come in a variety of colours, styles and finishes, each with their own unique look. And we have knobs and handles that accentuate the style. So, if you want to create a kitchen that's modern or traditional, you have lots of options to choose from.

Modern

A modern-looking kitchen is all about straight lines and large, sleek surfaces.

Choose long handles to strengthen the horizontal lines, or small discreet knobs – or just use push openers to let the big surfaces shine on their own. We even have doors with integrated handles.

Traditional

Traditional kitchens often stress vertical lines, so think about wall cabinets to the ceiling. Doors can have frames around the panels, slats or bevelled details. Glass doors with crossbars add variation and show off what's inside the cabinet.

25
Year
Guarantee

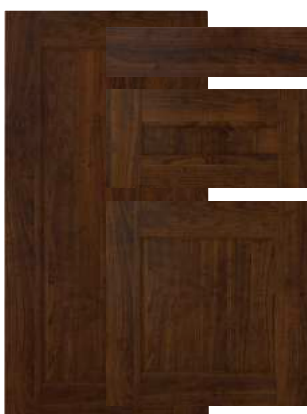

Kitchen doors have a 25-year guarantee. Find out more on p. 56.

**BODBYN***Colour:* grey*Materials:* fibreboard with painted finish

ACCENT DOORS

Why use ACCENT doors?

Accent doors are a great way to get a more personal look by adding a contrast, a pattern or a splash of colour. They're designed to complement the other doors in your kitchen so they don't come in as many sizes as most doors.

Here you can see examples of our accent doors. The size shown is W40×H80 cm. To find out which other sizes are available, please visit www.IKEA.co.id

KALVIA ACCENT DOORS

With KALVIA doors you can create your own work of art on your kitchen wall. Or you can build a free-standing piece like a sideboard and use KALVIA to give it a distinctive touch. The doors are available in six sizes and each size has a different pattern. The patterns work well together, as they are all part of a large painting by designer Martin Bergström. They can be mounted on the left or right side and even mounted "upside down". By mixing the sizes and the ways you mount the doors, you can make your own unique collage.

COVER PANELS, DECO STRIPS AND PLINTHS

Once you've decided on the cabinets and doors for your kitchen, the next thing to consider is if you want to use plinths, cover panels or deco strips. Not only practical – they're also important decorative details that contribute to the overall look of your kitchen.

1. Cover panel

1. COVER PANEL. You apply this to the side of a cabinet at the end of a row. You can choose a cover panel in the same finish as your doors or in a different one that complements your door finish.

2. DECO STRIP/MOULDING. You can use this both as a decorative strip to hide the lighting units, cords and sockets under wall cabinets, so all you see is beautiful light across your worktop – or as moulding on top of wall cabinets and high cabinets. It gives your kitchen a truly finished look. We have both rounded and contoured deco strips/ moulding – to give you even more possibilities to personalise your kitchen.

3. PLINTH. This covers the gap between the bottom of the base cabinets or high cabinets and the floor and gives your kitchen a tidy, seamless and integrated look. There are regular plinths, decorative plinths, plinths with a gap for ventilation for fridge/freezers and plinths for dishwashers. They come in a standard length, 220 cm, and can be cut to any size required. As an alternative to a plinth, you can also choose to put legs on your base cabinets and high cabinets – which gives a light and spacious look to your kitchen.

Note! Most of our cover panels and plinths have the same name as the doors they match, with these exceptions: To match BODBYN and HITARP doors in off-white you should choose FÖRBÄTTTRA cover panel and plinth in off-white. To match SÄVEDAL, HÄGGEBY, VEDDINGE and MÄRSTA doors in white you should use FÖRBÄTTTRA cover panel and plinth in white.

2. Deco strip/moulding

3. Plinth

Deco plinth

KNOBS AND HANDLES

Knobs and handles are the little touches that have a big impact on the overall look. We have a wide selection to match and enhance the style of your kitchen. And it's easy to change them to give your kitchen a quick, inexpensive facelift whenever you want.

STYLE FAMILIES You can find knobs and handles in the same style family so you can mix and match without having to worry about keeping a uniform look.

FIXA DRILL TEMPLATE This simple tool helps you easily and accurately mark where you want to place your knobs and handles. Available online and at your local IKEA store.

UTRUSTA PUSH OPENER Push openers create a clean look because you don't need any handles or knobs. You can open the doors with just a light push.

THE OUTSIDE DOESN'T DICTATE THE INSIDE

Don't let the uniform look of these cabinets fool you—they're hiding all sorts of kitchen surprises. You could find a dishwasher, a combination of drawers or waste sorting solutions. It's really up to you what goes inside your kitchen cabinets. With METOD, you can get the look you want on the outside without revealing what's inside.

DRAWERS There are two drawer options for your kitchen cabinets. Either will perfectly fit your METOD cabinets and fronts.

MAXIMERA drawers pull out all the way with a feather-light glide, and thanks to a built-in damper they always close softly and effortlessly.

FÖRVARA drawers pull out to 3/4 of their depth (but can still fit just as much in as a MAXIMERA drawer).

WASTE SORTING Hide all types of waste sorting combinations inside a cabinet. Specially designed pull-out waste sorting drawers make it even easier to use your bins.

SMALL DRAWERS You can fit lots of small drawers behind bigger fronts like these. That way, you get plenty of storage space for little things while keeping the look you like on the outside. See page X for more information and ideas on drawer combinations.

STORE THE BIG STUFF Deep and sturdy drawers like these are great for storing small appliances or big pots and pans. You can get inserts for stacking lids on their sides too, which makes the most of your drawer space.

LET YOUR DRAWERS DO THE HARD WORK

Life in the kitchen goes a lot smoother when your drawers help you reach everything you need. If you keep cooking utensils in top drawers, and food, pots and lids organised and close to where you cook, you get the most out of your space and create a workflow that makes cooking easier. And a better workflow means less stress in the kitchen (as long as you remember to set a timer so your cakes don't burn).

INTERIOR FITTINGS

Our range of interior fittings give you smart ways to make the most of the storage space in your kitchen. With the right fittings for the right spot, you can pack lots of stuff into small or odd spaces and find it all again.

INTERIOR DRAWERS Hide drawers inside your cabinets to keep the look you want on the outside while making the most of your space inside.

CORNER CAROUSEL Turn hard-to-reach corners into easy access storage in high and low cabinets. A simple swivel lets you easily find and reach what you're looking for. And the carousel's multiple levels help you make the most of the height of your cabinet.

PULL OUT The perfect place for storing bottles and tall containers, a pull-out will let you reach all your stuff and is great for narrow cabinets.

DRAWER ORGANISERS

Organising the insides of your drawers helps you find everything and makes the most of your storage space. We have a big range of options so you can choose what works best for you.

BOX ORGANIZERS Keep things separated and easy-to-access with boxes you can lift out and carry. They're great for dry goods and loose items.

ADJUSTABLE DIVIDERS Create the perfect spaces for anything you want to store in your drawers with these adjustable dividers.

GLASS SIDES Get more vertical storage space in your drawers with glass sides. They let you stack items, like cans or plates, without the worry they'll fall out.

WASTE SORTING

Our easy-to-clean bins are available in a variety of sizes so you can create the waste sorting solution that suits your needs. The pull-out functions can help make recycling and composting less of a chore.

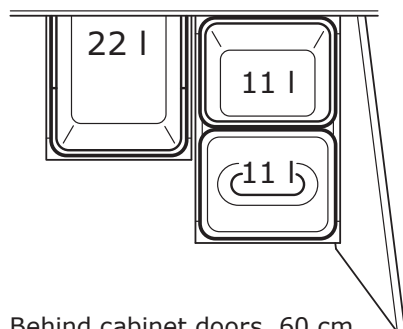

PULL-OUT WASTE SORTING TRAY A pull-out tray makes it easier to throw things into the bin and to empty it when it's full.

ELECTRIC PUSH OPENER Open your waste sorting drawer with the push of a finger (or hip, or knee, or foot when your hands are full).

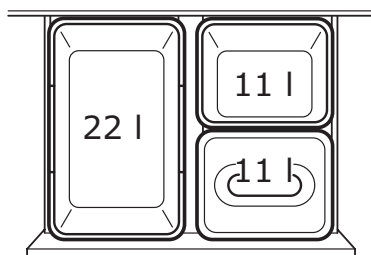

WASTE SORTING COMBINATIONS

Choose the waste-sorting combination that suits you best. Use waste bins in different sizes and combinations behind cabinet doors or in deep drawers.

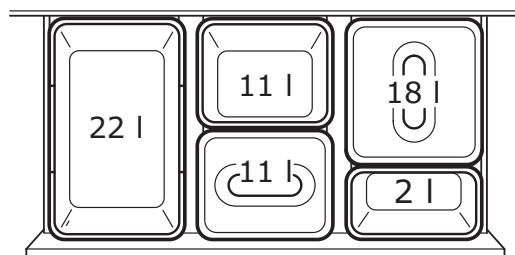

Behind cabinet doors. 60 cm.

LIGHTING

Good lighting is an essential part of any kitchen. That's why we offer two lighting series specially designed for IKEA kitchens, perfectly dimensioned to fit IKEA cabinets.

OMLOPP This lighting series can be used on its own or fully integrated into METOD cabinets and drawers. A dimming function lets you set the mood in the kitchen when using the remote.

UTRUSTA This lighting series offers lots of flexibility. You can get corner joiners, ANSLUTA remote control and more.

ENERGY SAVING Both our lighting series use long-lasting LED bulbs which consume up to 85% less energy and last 20 times longer than incandescent bulbs.

**For more details, please look at our kitchen integrated lighting buying guide.*

UTRUSTA LED worktop lighting with power supply. Dimmable in two steps. Wired-in installation. LED life time approx. 20.000 hours. L40 cm. 6.8W. INTEGRATED LIGHTING

Lighting is an important style and safety element in any kitchen. We offer two series of integrated lighting specially designed for IKEA cabinets. UTRUSTA comes in sizes that will fit your cabinets and includes corner modules, electrical and a remote control. The OMLOPP series also matches your cabinet sizes and features a slim design. Can be dimmed with ANSLUTA remote control.

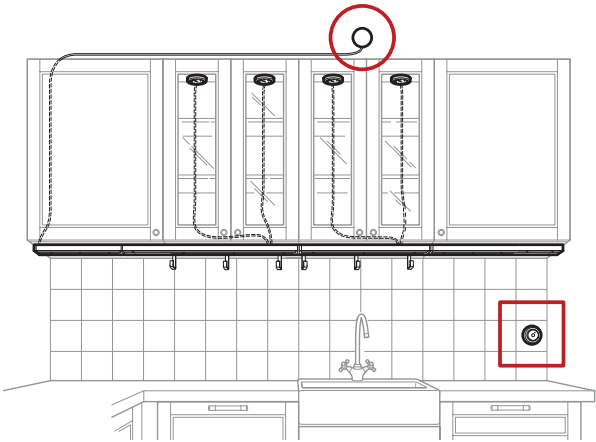

The right connections

OMLOPP spotlights are easily connected to your UTRUSTA worktop lighting and add a cosy and practical glow to your cabinets. Start connecting your UTRUSTA worktop lighting from the left by using the UTRUSTA LED worktop light with power supply.

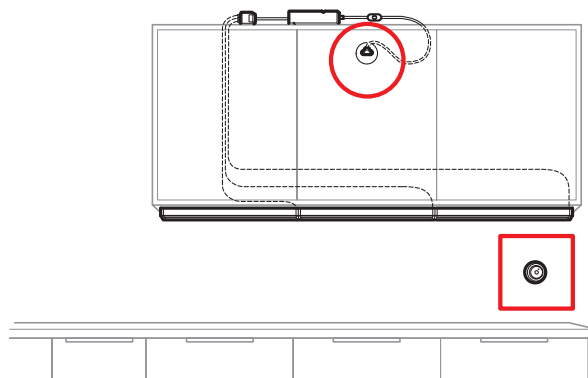

LAXARBY

IKEA. Model L1204, L1206 and L1207 UTRUSTA. IKEA. Model L1214.OMLOPP. This luminaire contains built in LED lamps of the energy classes A++ to A. The lamps can not be changed in the luminaire.

DRAWER LIGHTING In an IKEA kitchen you can get lighting for all your drawers, that way you'll always be able to find what you need even during those midnight kitchen raids. Opening and closing the drawer turns the light on and off automatically.

DESIGNED TO FIT YOUR SPACE

Find the right cabinet for you. On this spread you get an overview of the different cabinets in the range. Read about the different types here and look through the following pages to find the cabinets to fit your needs and style.

Base cabinet. Height 80 cm
Depth 62 cm or 39 cm incl. door.
Work height 92 cm incl. 8 cm
plinth/legs and 4 cm worktop.
Price include frame, door, hinges,
drawers and shelves were shown.
Drawer damper are included in
all MAXIMERA drawers. Legs,
plinth and knobs/handles sold
separately.

Wall cabinet. Depth 39 cm incl.
door. Price include frame, door,
hinges, drawers and shelves
were shown. Drawer damper
are included in all MAXIMERA
drawers. Knobs/handles sold
separately.

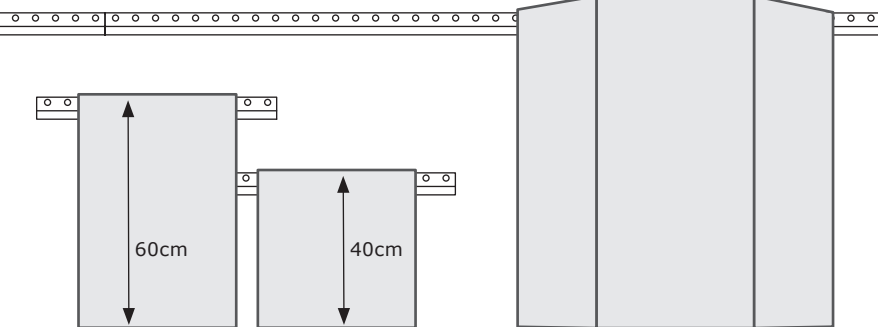

High cabinet. Depth 62 cm or
39 cm incl. door. Price include
frame, door, hinges, drawers
and shelves were shown.
Drawer damper are included in
all MAXIMERA drawers. Legs,
plinth and knobs/handles sold
separately. High cabinets for
fridge/ovens are ventilated.

Top cabinet. Depth 62 cm
incl. door Price include frame,
door,hinges and shelves where
shown. Knobs/handles are sold
separately. Top cabinets for
fridges/freezers are ventilated.

SMART, GOOD-LOOKING – AND TESTED FOR TOUGHNESS

Tough doors and hinges that open and close smoothly

Have you thought about how many times you open and close your kitchen doors? Every day, day after day, year after year. We have. That's why we test our kitchen doors by hanging a 2 kg weight on them and then open and close them 200,000 times.

So you know that your kitchen doors will cope with your everyday life.

Hinges with a wide angle

There are UTRUSTA hinges that have an opening angle of 153°, so you can open the door extra wide and easily reach what you need. And they're simple to assemble. Just snap the hinge in place on the door and adjust the hinge so the door sits in the right position. Quick, easy and exact. And if you want to clean the door or change it, just snap open the hinge and remove the door – no screws! If you complement with UTRUSTA door damper your doors will close gently and silently.

Drawers that can take a heavy load

The drawers in your kitchen have to hold a lot. To make sure they can take the collective weight of it all, we fill a 60-cm wide full depth kitchen drawer with 25 kg and then open and close it 200,000 times. And because someone may occasionally lean on open drawers in your kitchen, we test that too – by pulling out a drawer and putting a 25 kg weight in its front corner for 10 seconds – and then we repeat this 10 times.

The drawer continues to run softly and close perfectly, each and every time.

Drawers that open all the way and close quietly

All our MAXIMERA drawers are fully-extending, giving you an overview of what's inside and putting everything within easy reach. They glide smoothly on extension runners, have drawer stops and are self-closing the last few centimetres. The drawers also have built-in dampers that cushion the closing action and ensure the drawers close slowly, softly and quietly.

Doors and drawer fronts that are more than just a pretty face

Our cabinet doors and drawer fronts are built to withstand everyday life in your kitchen for many years. That means, for example, coping with wet cloths, sticky fingers and grease from frying. To test them, we spill water on them and smear grease on them – and leave it there for 24 hours. After 23 hours, we add alcohol(ethanol) and coffee and leave that there for an hour. Then we clean up the worst of the mess with kitchen paper – and wait another 24 hours. Only then do we clean the surfaces properly. And the only surfaces we approve are those that don't show the slightest mark or defect.

But that's not all! We even test the edges to ensure they can cope with temperatures up to 85°C (185°F), water (1 hour's soaking) and steam at 50–60°C (120–140°F) without coming loose. Then, and only then, are our doors and drawer fronts deemed good enough for your demanding kitchen.

Durable frames are the foundation of the kitchen

A kitchen cabinet has to be tough enough to keep it all together. That's why METOD frames are made of 18-mm thick particleboard covered with melamine. The frames and shelves both have thick edges of polypropylene plastic. The result is a sturdy cabinet with impact-resistant edges and hardwearing surfaces that resist both moisture and scratches.

Shelves that can take more than they need to

Everyday life in the kitchen often means accumulating new things, like small appliances and new pieces of dinnerware – and over time you may find that you have much more to store than you started out with. To make sure the shelves in your cabinet won't sag under the pressure of performing, we put 60 plates weighing about 25 kg on a 80-cm wide shelf – and leave the plates there for a week. It's just something shelves should be able to take, we think.

LET US DO IT FOR YOU

IKEA kitchens are designed so you can easily install them yourself, but if you like we can help you along the way. In fact we can help you with everything from measuring and planning to complete installation.

To read more about our services visit www.IKEA.co.id

MEASURING SERVICE

Have an IKEA service partner come to your home and take all the essential measurements.

DELIVERY SERVICE

We can deliver your new kitchen directly to your home or business. Prices are based on distance.

INSTALLATION SERVICE

Save time and effort with professional installation by one of our IKEA service partners.

OUR COMPLETE INSTALLATION SERVICE

The most convenient, time saving way to get your new kitchen installed. Our Complete Installation Service is exactly that - a full service from start to finish. Your kitchen will be installed to the highest standards and

comes with a guarantee on all workmanship. We'll even remove all the packaging and make sure it's disposed of in an environmentally sustainable way.

Our Complete Installation Service includes:

- Assembly and installation of all cabinets
- Installation of worktops, including cut-outs for the sink and hob
- Installation and connection of sink and tap
- Installation and connection of IKEA worktop lighting
- Installation of cover panels, handles, and interior fittings (shelves, baskets, etc.)
- All packaging is taken away (unless customer wishes to keep it)
- Installation guarantee ensuring good craftsmanship

Talk to your local IKEA store for details.

DO IT YOURSELF IN A FEW EASY STEPS

IKEA kitchens are designed so you can easily install them yourself. Here's how to buy an kitchen at IKEA.

Find out more about our services at www.IKEA.co.id

MEASURE

Measuring your kitchen isn't hard to do, but it's important you get it right because your measurements will be the basis for all your planning. To see exactly what to measure, pick up a copy of the Kitchen planning guide at your local IKEA store or go to IKEA.co.id

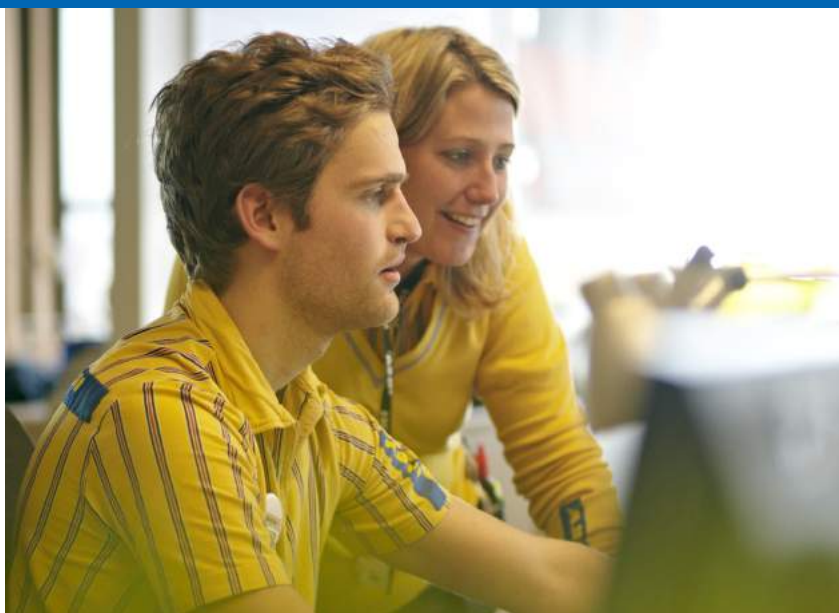

DREAM AND PLAN

Planning your kitchen is when your dreams and ideas take shape. There are lots of things to think about, like where to put the fridge or how many drawers you need. That's why we have tools that'll help you decide on the perfect design. And, if you want some expert advice we have Kitchen Planners ready in the store to help.

ORDER

When you're satisfied with your planning, drop by your local store to visit our kitchen experts. They will go over your kitchen plan with you, and help you with anything you're not sure about. When you're ready you can order and we can help with delivery and other services too.

INSTALL

IKEA kitchens are designed to be installed by you, but we're here to help as much as you'd like along the way. You can start by picking up the kitchen installation guide, which shows you how to do it yourself, step by step. Or check out the different installation services we offer, all performed by our skillful certified kitchen installers.

ALL THE TOOLS YOU NEED

There's a lot to think about when you're getting a new kitchen. Here are some things that will help you all the way from planning and choosing your products to installation.

GET THE BROCHURE AND GUIDES AT THE STORE OR DOWNLOAD FROM WWW.IKEA.CO.ID

Kitchen brochure

Our kitchen brochure is a great source of ideas and inspiration for everything to do with your kitchen. Here you can see some of the thousands of possible combinations you can create with the METOD system, and have a look at the SUNNERSTA mini-kitchen and the affordable KNOXHULT system, too. You can also find out about the services we have to help you get your dream kitchen – we are here to help you every step of the way!

Buying guides

See all our cabinets, fronts, organisers, knobs and handles in the METOD Kitchen Buying Guide.

The Worktops, Sinks and Taps Buying Guide gives you all the details about these kitchen essentials.

IKEA ONLINE

Design your new kitchen with the IKEA home planner

Use the IKEA Home Planner with your measurements to design, experiment and create your kitchen in 3D. You can find the link in the Kitchen & Appliances section of the IKEA website. The first time you start you'll need to install a plug-in. Just follow the instructions on the "Plan your kitchen" page to get started. If at any stage you need a hand, drop by your local IKEA store and our kitchen experts can help you.

You will find the IKEA home planner at www.IKEA.co.id

METOD KITCHEN SYSTEM

What products are covered under this guarantee?

This guarantee applies to domestic kitchen use only. This guarantee covers all of the following parts of the

METOD kitchen system: • Cabinet frames • Fronts • UTRUSTA hinges • MAXIMERA fully-extending drawers • UTRUSTA shelves of tempered glass and melamine • Plinths • Legs • Cover panels • Deco strips/mouldings • Worktops except LILLTRÄSK • Sinks except FYNDIG.

Products not covered under this guarantee:

Knobs, handles, LILLTRÄSK worktop.

FÖRVARA drawers, UTRUSTA wire baskets, TUTEMO and HÖRDA open cabinet have a 10-year guarantee.

KNOXHULT and FYNDIG kitchen system

KNOXHULT and FYNDIG is not covered by this guarantee.

What will IKEA do to correct the problem?

IKEA will examine the product and decide, at its sole discretion, if it is covered under this guarantee.

If considered covered, IKEA through its own service operations, will then, at its sole discretion, replace it with the same or a comparable product. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. It is IKEA that determines, at its sole discretion, what constitutes an appropriate replacement.

Conditions for the guarantees

The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. This guarantee does not cover normal wear and tear, cuts or scratches, or damage caused by impacts, accidents or waterborne debris. It also does not apply to the filter/aerator which should be cleaned regularly or replaced when worn out. Follow our assembly instructions and care instructions carefully.

This guarantee does not apply to products that have been stored, assembled or installed incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products.

This guarantee does not apply if the products have been used for public use, outdoors or in a corrosive environment. It also does not cover accidental damage.

Care instructions

To be able to rely on this guarantee you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA stores and on the IKEA web site: www.IKEA.co.id

How to reach us if you need service:

Contact your local IKEA store. You will find the address and phone number in the IKEA catalogue or at www.IKEA.co.id

Save your sales receipt as proof of purchase. Proof of purchase is required for the guarantees to be valid.

For more information, see the IKEA Kitchen Guarantee brochure.
