

BUYING GUIDE

SOLLERÖN

Outdoor Living Furniture Series

Customise your outdoor sofa

SOLLERÖN outdoor modular sofa series consists of different sections that you can use individually or combine to create seating that perfectly suits your needs. Want a cosy corner to curl up in? A sofa for two? Or skip a sofa entirely and create seating with several armchairs. The choice is yours! It's easy to disconnect the sections and reconfigure them in a new way.

Comfortable and easy to care for

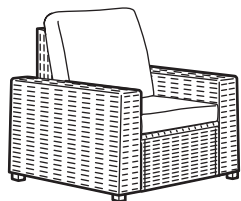

SOLLERÖN series is made of handwoven plastic rattan with the same expression as natural rattan. It's weather resistant and easy to care for - mild detergent and water are all you need. Add HÅLLÖ or FRÖSÖN/DUVHOLMEN seat and back cushions for great comfort and use decorative cushions, such as GRENÖ, SÖTHOLMEN and GULLINGEN to personalise your sofa. When not in use, store the cushions under the seat in the TOSTERÖ waterproof storage bag for cushions. The covers can be removed and machine washed.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.co.id for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

FURNITURE COMBINATIONS

PROTECTING AND CARING FOR SOLLERÖN

The best way to extend the life of your outdoor furniture is by cleaning it regularly and not leaving it outdoors unprotected more than necessary.

Cleaning

Wipe clean with a mild soapy solution. **HÄLLÖ** and **FRÖSÖN** cushion covers are removable and machine washable.

Maintenance

Requires no maintenance.

Storing

If possible, store **SOLLERÖN** products in a dry and cool place indoors. When stored outside, tilt the furniture and preferably use waterproof covers. Make sure air can circulate to avoid condensation. In freezing temperatures, plastic can weaken and is not recommended for use.

Repairing

The steel frame is protected from rust with a powder coating of plastic paint. If for some reason the coating comes off, the steel is not protected and rust may occur. To repair the damage, wipe clean and repaint to restore protection.
